Google Applications

What password do I use when accessing Google Applications?

The password you use is the same as your TRACKS password.

If you are logging into a Google Password page, if you are a student it username@my.fit.edu and if you are a staff or faculty its username@go.fit.edu

You will be redirected to a TRACKs login page where you enter your password.

For some applications where you need a password, like email on a phone:

If prompted for a password when entering information into an app, such as Gmail, use your TRACKS password as it authenticates back to your TRACKS account.
