

U Drive / S Drive (Shared Drives)

U Drive Storage Limits

Udrive Storage Limits

Each TRACKS account is allocated a maximum amount of storage for their UDrive. Students are allotted up to 500MB of storage, and Faculty/Staff are allocated up to 1000MB of storage. All users should limit the use of the TRACKS system to academic and research materials they need to access remotely. The TRACKS system is not intended to be used for personal backups and/or entertainment storage.
