

# Getting Software

## What software is available in university computer labs?

### Software Availability

Lab Support Services, Information Technology, actively maintains the computer systems and software located in the labs listed below. Software requests are done through e-mail twice a year (July/December) for the Fall and Spring academic semesters. All requests must be submitted to the Lab Support Manager ([Thomas Couperthwaite](#)) via email. For more information, please visit the [Software Installation policy](#).

### Definitions

#### Multimedia Classrooms

These classrooms feature a single Instructor computer Workstation (IWS) and multiple seating for instruction. These facilities are open to any Florida Tech faculty, staff, or students when classes are not reserved through the [Campus EMS](#) booking system.

#### Multimedia Labs

Computer Systems located in these facilities are open to any Florida Tech faculty, staff, or students when classes are not reserved through the [Campus EMS](#) booking system. Typically these type of labs contain many computer systems for instructional use only.

#### Open Computing Labs

These labs are open to any Florida Tech faculty, staff, or students. These labs are cannot be reserved and will **never** have classes held in their corresponding rooms.

#### Department Specific Labs

Such labs are restricted to the individual department in charge of operating these rooms. Such facilities are only used for the sole purpose of the department and do not grant anyone outside of the specific department access to the rooms. Access is granted only through the Department Head of the specific academic unit.

### Multimedia Classrooms and Open Computing Labs

If you are unfamiliar with Florida Tech's main campus, please visit the [Campus Map](#).
