

Getting Software

MATLAB for Students and Faculty

About MATLAB and Simulink

MATLAB, the language of technical computing, is a programming environment for algorithm development, data analysis, visualization, and numeric computation. Simulink is a graphical environment for simulation and Model-Based Design of multidomain dynamic and embedded systems. MathWorks produces nearly 100 additional products for specialized tasks such as data analysis and image processing.

Get Access to MATLAB

To download MATLAB, follow this link to access Florida Tech's MATLAB license: <https://www.mathworks.com/academia/tah-portal/florida-institute-of-technology-993588.html>

button to be redirected to the Sign in portal.

1. Select the
2. If you already have a Mathworks account, sign in. Otherwise select "Create Account"
(When creating an account, ensure you are using your my.fit.edu (Students) or fit.edu (Staff/Faculty) email address)
3. The license should now be linked to your account after signing in. You can verify this by going to the "License" tab

Page 1 / 3

Getting Software

4. Find the button labeled "Download Installer" and select the version of Matlab you need.
(At time of writing, we suggest R2020a, but your course may require a different version)
 5. Select the operating system install for your system and proceed with the install.
 6. Once installed you may need to sign in with the Mathworks account you used to download MATLAB.
-

Products Available on Campus

MATLAB, Simulink, and add-on products are available through our TAH campus-wide license. Application areas include:

- MATLAB
- Simulink
- Aerospace Blockset
- Aerospace Toolbox
- Bioinformatics Toolbox
- Communications System Toolbox
- Computer Vision System Toolbox
- Control System Toolbox
- Curve Fitting Toolbox
- DSP System Toolbox
- Data Acquisition Toolbox
- Embedded Coder
- Filter Design HDL Coder
- Financial Toolbox
- Fixed-Point Designer
- Fuzzy Logic Toolbox
- Global Optimization Toolbox
- HDL Coder
- HDL Verifier
- Image Acquisition Toolbox
- Image Processing Toolbox
- RF Toolbox
- Robotics System Toolbox
- Signal Processing Toolbox
- SimEvents
- SimRF
- Simscape
- Simscape Electronics
- Simscape Multibody
- Simscape Power Systems
- Simulink 3D Animation

Getting Software

- Simulink Coder
- Simulink Control Design
- Simulink Design Optimization
- Simulink_Desktop Real Time
- Simulink Real Time
- Spreadsheet Link
- Stateflow
- Statistics and Machine Learning Toolbox
- Symbolic Math Toolbox
- System Identification Toolbox
- Vehicle Network Toolbox
- Vision HDL Toolbox
- WLAN System Toolbox
- Wavelet Toolbox
- Parallel Computing Toolbox
- Partial Differential Equation Toolbox
- Instrument Control Toolbox
- LTE System Toolbox
- MATLAB Coder
- MATLAB Compiler
- MATLAB Compiler SDK
- Mapping Toolbox
- Neural Network Toolbox
- OPC Toolbox
- Optimization Toolbox
- Phased Array System Toolbox

Unique solution ID: #1384
