

Jabber

How do I make a call using Jabber?

Making Calls in Jabber

There are multiple ways to make calls using Jabber.

- To call a saved contact, hover over the desired contact, click the green phone button, then from the drop down, click on the number you wish to call.
- To call an unsaved contact from the directory, begin typing the name in the search bar, hover over the person you wish to call, and click the green phone button.
- To call an external number, type the 10-digit number in the search bar and click the green phone button.

Green phone button

Once the call is active, you can click on the ellipses button for call control options.

Once the call is complete, click on the **Jabber** to disconnect.
