

Jabber

How do I forward my calls with Jabber? Forwarding Calls with Jabber

Click the call settings button, located to the bottom right of the contacts list.

Select the Dropdown menu under Forward Calls.

Select the desired destination:

- **None** will allow calls to ring on Cisco Desk Phones and within Jabber.
- **Voicemail** sends calls directly to voicemail without ringing a Cisco Desk Phone or Jabber.
- **New Number** allows an external phone number to be specified.

New Number window:

Enter the desired destination in 10-digit format (3212221212) and Click Forward.

To deactivate Call Forwarding simply repeat the process and choose **None** as the desired destination.

Note: Choosing **None** does not prevent unanswered calls from going to voicemail.
