

Email

Do I have to check my Florida Tech email address?

In short, **yes**.

Once students are issued a Florida Tech email address, all official communication from the university will go to that mailbox as a matter of university policy. As a result of this policy, it is important that all students check their mailbox at <https://my.fit.edu> on a regular basis.

Alternatively you can login directly through [Gmail.com](https://mail.google.com) by logging in with your Email which will be in the format [Your TRACKS Username]@my.fit.edu and your TRACKS Username. If you do not remember your Password please click [Here](#).

We recommend checking your Florida Tech email address **at least** once every 24 hours.

What if I have another email address that I check more regularly than my Florida Tech email address?

Although it is not a service the Technology Support Center supports or provides, you can configure your Florida Tech mailbox to forward your emails to another address.

Follow the instructions on this [FAQ article](#) to learn how.
