

Mailing Lists

Information about Sympa, Florida Tech's List Server.

Sympa is a powerful email list server that automatically delivers your newsletters, announcements and discussion lists. Fiitforum and Facforum are 2 of the many lists available on the list server.

Among its features are:

- Web Interface for Members and Administrators
- Failsafe Unsubscribing
- Automatic Error Mail Handling
- Message Scheduling
- Fast Built-In Mail Engine
- Highly Scalable
- Multiple Level Security
- DocBots
- RSS Capabilities

You can read more on their [official website](#) or visit <https://lists.fit.edu/sympa>
